Miellat

INDUSTRIES

The Miellat brand was first established in Europe in 2016, driven by the shared vision of a team of experts dedicated to making a difference in global water management.

Since then, we have sought to provide our clients with world-class solutions for drainage and water supply.

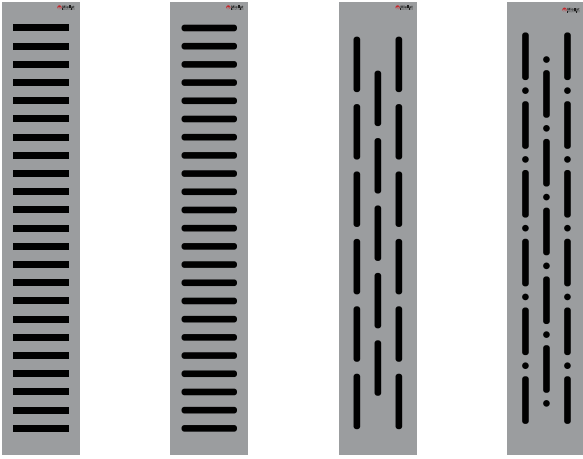

Our journey in the UAE began after the COVID-19 pandemic, with our first production line starting in 2022. We are proud to be your partners in delivering effective and sustainable water management and drainage solutions.

Our commitment to quality has led us to achieve the highest standard certifications for our products. These products play a vital role in safeguarding the environment.

We remain dedicated to offering cutting-edge solutions that exceed industry standards.
